b. Press Items of Interest. [REDACTED] said that on Monday we could look for the Newsweek article on the Intelligence Community which he said promises to be a good article. At last reports the Director's picture will be on the cover. Also on Monday, Time, U.S. News and World Report and the New York Times are scheduled to carry items on the KGB's recent difficulty in London.

3. Items of interest from the DD/S Staff Meeting:

a. Support Officers' 19-21 September 1971 Conference. Concerning the recent Support Officers' Conference, Mr. Coffey said that all came away, regardless of age, with the feeling that it was a successful and useful meeting. One of the things that impressed Mr. Coffey was that the ideas of the old and young in the Career Service were targetted in pretty much the same directions. In light of this conference, Mr. Coffey noted that the upcoming Office Directors' meeting takes on increasing importance.
